

AWAAS Soft for Indira Awaas Yojana

AWAAS soft was launched in August 2010 as an e-governance solution for Indira Awaas Yojana which is a flagship scheme of the Ministry of Rural Development where financial assistance is provided to the poor in the rural areas to construct houses. It is a Centrally Sponsored Scheme with state share and implemented through the Zilla Parishads/DRDAs with an annual target of around 30 Lakh houses with a central budget of Rs 10,000 crores.. The present per unit grant is Rs 45,000 and Rs 48,500 respectively for plain and hilly areas for construction of new houses. There are few other minor schemes also viz. up-gradation , contingency fund, credit cum subsidy, Homestead schemes, special package etc. AWAASsoft is a transaction based web enabled MIS with several modules viz. target setting, beneficiary management, Inspection and verification of houses, finance, convergence, personal , grievance etc. The various stake-holders using this software are Gram Panchayat, Block Office, DRDA/Zila Parishad, Rural Development Department of State Governments/ UT Admins, Ministry of Rural Development, Financial institutions and beneficiaries . It is a single window interface for all stake holders with local language support, workflow automation, record keeping, accounting management etc. It has been integrated with BPL Census database. In order to make the system transparent, several transaction based reports are made available in public domain and then beneficiaries can check their status in the MIS through their unique IDs.The Indira Awwas Yojana programme is implemented in all States/ UTs of the country except Delhi and Chandigarh. The AWAASsoft MIS has been implemented in all States/UT.
