

NDAL (National Database on Arms License)

It is a project initiated by the Ministry of Home Affairs, GoI to create database of all Arms license issued in the country. All arms license are issued UCF (Unique Case File) on correct entry and approval.

As per the directives of MHA, all District Administration of Arunachal Pradesh have initiated the process of arms license data uploading into the portal. There is a test portal for testing the functionalities and a separate live portal where the actual data entry has to be done. The records can be checked on the portal by the Department of Home Affairs, GoAP.
