

Sub-Division Networking Project

Sub-Division Network was established in 23 sub-divisions of Arunachal Pradesh with 16 independent VSAT and LAN extension at 7 locations from nearest CIC. The SDO network helped the sub-division offices in their communication and eGovernance needs. E-mail ids are created for all sub-divisions and basic computer training was also organized for many of the SDO offices. The sites were maintained for 3 years under the project. Sites where VSAT hardware is working, has been provided free bandwidth from NIC.
